Whom It May Concern.

RE: Endorsement of Pets in distress (PID) Hazyview.

We, at Hazyview Animal Clinic, would like to formally endorse the work done by PID.

We work closely with PID and can attest to the dedication and compassion with which they assist animals in need within the Hazyview community. Their efforts in animal welfare, rescue, feeding, and community support make a meaningful difference on a daily basis.

We fully support any donation initiatives towards PID and believe that contributions such as pet food will be used responsibly and for the direct benefit of animals in need.

We would like to thank Checkers Petshop Science Hazyview for considering this generous contribution and for supporting animal welfare in our community.

Kind regards,

JPrinsloo BSc. BVSc.

Regards

Dr Jana Prinsloo
BSc BVSc.
